### Heritage and Tradition since 1974

The Rodman Fisher & Cruiser Series represents the commitment of the Rodman brand to offer sea lovers a comprehensive sailing experience. Since 1974, Rodman has designed and built vessels, to match the requirements and needs of the most demanding boat owners.

Rodman's Fisher & Cruiser Series embodies the shipyard's tradition, where knowledge and experience acquired over many years transforms into quality, safety and excellent performance, including the latest technologies and equipment available on the market.

Rodman1170

Rodman 1170, la opción perfecta para disfrutar de la pesca deportiva sin renunciar a la comodidad de sus espacios, tanto en el exterior como en el interior. La amplitud de su bañera, pasillos laterales y flybridge, ofrecen al armador la posibilidad de pescar cómodamente desde cualquier punto de la embarcación. Este modelo, está disponible en dos opciones de propulsión: propulsión tradicional con ejes o con IPS de Volvo Penta. Dos opciones diferentes, para satisfacer las necesidades de los armadores más exigentes.

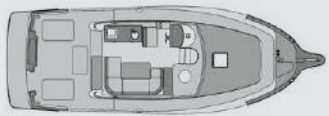

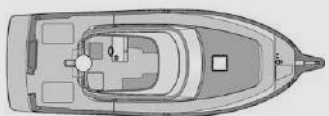

The Rodman 1170, with it's walk around side decks, spacious cockpit and practical flybridge offers a platform for comfortable fishing from any area of the boat. With her twin guest cabin and island double berth forward, there is plenty of comfort inside too. With the option of Volvo IPS propulsion or traditional shaft drive, the Rodman 1170 can meet the needs of owners requiring a serious boat to meet their demands.

## El legado de un pionero

Fundado en 1974, el Grupo Rodman es la compañía más antigua de España en su sector. Su experiencia y trayectoria con más de 14.000 embarcaciones le sitúan hoy como líder indiscutible en el sector náutico español.

El Grupo Rodman presenta la oferta de producto más diversificada y versátil del sector, convirtiéndose en el activo intangible donde reside su verdadero saber hacer. Altos estándares de calidad, máxima seguridad y la mejor navegabilidad, esos son los atributos de la marca Rodman.

Las 3 divisiones de la compañía, buques de acero, náutica profesional y náutica de recreo encarnan la pluralidad de la oferta del Grupo Rodman.

Así, en sus diferentes astilleros se producen desde patrulleras en PRFV de hasta 35m a buques de acero de hasta 170 m de eslora, pasando por buques de pesca en PRFV de más de 36m de eslora, barcos de regata como el Rioja de España (Copa América) o embarcaciones de recreo de cualquiera de sus tres gamas diferenciadas: Rodman Spirit, Rodman Fisher & Cruiser o Rodman Muse.

## The legacy of a pioneer

Founded in 1974, the Rodman Group is Spain's oldest company in its sector. Its experience and track record in the construction of over 14,000 vessels mark it as an indisputable leader in the Spanish boatbuilding sector.

The Rodman Group's highly diversified and versatile product range encompasses the knowhow that is its major intangible asset. The highest standards of quality, maximum safety and optimal sailing performance are the marks of the Rodman brand.

The three divisions into which Rodman is divided; steel boats, professional sailing boats and pleasure craft, encapsulate the versatility of the company's product range. Its different bodyyards build GRP patrol boats with hulls of up to 36 metres, steel boats with hulls of up to 170 metres, GRP fishing boats with hulls of over 36 metres, regatta boats (such as the America's Cup Rioja de España), and pleasure craft for three different ranges: Rodman Spirit, Rodman Fisher and Cruiser, and Rodman Muse.

## Sólida capacidad industrial

Con 5 factorías repartidas entre España y Portugal, el grupo tiene la mayor superficie industrial del sector, sumando un total de 240.000 m2. De estos, 66.000 m2 son superficie cubierta, permitiendo afrontar un ambicioso plan de expansión internacional cuyo objetivo es alcanzar un ratio de exportación del 85% a medio plazo.

El total de superficie está dividido entre Metalships & Docks en Vigo, Rodman Polyships en Moaña, Rodman Lusitania en Valença do Minho y Neuvisa en Moaña.

De entre estos enclaves cabe destacar el recién inaugurado astillero Rodman Lusitania. Esta nueva instalación representa el auge de la compañía y su visión de liderazgo. Dotada con los más modernos y avanzados equipamientos y sistemas de producción de Europa su capacidad industrial lidera el mercado nacional.

## Consolidated industrial capacity

With five shipyards located in Spain and Portugal, the Rodman Group has the largest industrial premises in the sector, totalling 240,000 square metres, 66,000 of which are covered. These facilities have enabled the company to undertake an ambitious international expansion plan whose aim is to achieve an export rate of 85% of production in a medium term.

The premises are composed of shipyards at Metalships & Docks in Vigo, Rodman Polyships in Moaña, Rodman Lusitania in Valença do Minho and Neuvisa in Moaña.

Among these, it is worth noting the recently inaugurated shipyard Rodman Lusitania. These new premises depict the growth of the company and its leadership vision. Fitted with state-of-the-art production equipment and systems –the most advanced in Europe – its industrial capacity places it as a leader in the national market.

## Compromiso innato de calidad

El exitoso recorrido del Grupo Rodman se basa en gran medida en su capital humano, que cuenta hoy con más de 500 personas altamente cualificadas y especializadas. Esto, sumado a la incorporación de tecnología de última generación, garantizan los mejores procesos de producción.

Su espíritu de constante mejora ha hecho que el Grupo haya desarrollado su propio estándar de calidad interno: Rodman Quality System, RQS. Este sistema se centra en el exhaustivo control de materiales y procesos de producción, haciendo incluso que cada unidad sea rigurosamente probada en el mar. Todo ello garantiza la más alta calidad en la entrega y garantías de condiciones inigualables en el mercado.

Todos los productos Rodman están avalados por los principales certificados de calidad internacionales: ISO 9001, ISO 14001 y Pecal 2110/AQAP.

## A commitment to quality

The proven success of the Rodman Group is based largely on its human capital, now totalling over 500 highly qualified and specialist staff. This fact, added to the ongoing incorporation of state-of-the-art technology, guarantees better production processes.

Its spirit of ongoing improvement has led the Rodman Group to develop its own internal quality system: the Rodman Quality System (RQS). This system focuses on exhaustive control of production materials and processes and rigorous open-sea tests for each unit. This ensures the highest quality in the delivery of the vessel and guarantees unrivalled conditions in the market.

All the Rodman products are backed by the most relevant international quality certificates: ISO 9001, ISO 14001 and Pecal 2110/AQAP.
